Does the total cost include location fee? What is your full-name, your cell phone and studio address for the private transport driver i'm organizing to locate your place when they are coming. Can i make reservation with my credit card? Cause i won't be coming with the couples due to my current health status. I'm currently under intensive care in preparation for my surgery. I'm doing the booking since the whole surprise is my idea and i will be responsible for all payment. I will need you to do me a favor regarding the private driver service that will be bringing the couples. I'm yet to pay them,cause they are a small company with no credit card facility. So I'd need you to charge my card for your service and a extra sum that covers for his(driver), with a tip for you \$100. so you can help me coordinate his fee to him via bank deposit after the funds clears from my credit card, i will be liable for the extra credit card company tax and any form of expense resulting from this request. The driver's total charge is \$3500. Which includes bus hire, damage fee and bringing them down for each session also waiting till the end of it to take them back.

Anxiety issue, you are the most appropriate person for her to see and she is agreeable and seeing a therapist now and she will feel most comfortable working with you, I apologize that my daughter will not be able to reach you via phone. I do not have a land line and my mobile is currently out of order. I too am hoping it will be fixed soon as waiting conformation from the mobile company. I am sorry for the frustration this may cause. I want you to know that my daughter will see you prior our arrival to talk about what course of action would be best for her. I want you to know that my daughter is coming over to your Country for an holiday and at the same time i will want her to get counseling one-on-one sessions with you when she arrives there, she is aware she will be attending counseling and she agrees with that, she will be available at any time schedules for counseling , so i will want you to create a schedule that will work best for you. She will be livingclose to your home, i have someone that will always drive her to your location for the counseling. I would be happy to discuss this in more details once we arrive in the Country. If you are ready to welcome her under your counseling, please give me

your costs.
